Walk-in wardrobes and room Dividers.

Walk in wardrobes are the ultimate in luxury bedroom storage; a practical and luxurious way to alleviate your cramped storage. Anyone who has to fight through piles of shoes and a packed rail of clothes can appreciate how nice it would be to have a spacious walk-in-wardrobe at your disposal.

Our wardrobe doors are as versatile as they are beautiful whether you are lucky enough to have the space for a walk-in-wardrobe or you need a moveable screen in a studio flat we have a sliding door to suit most applications. You can choose to have any finish on either side of the door allowing you to choose any colour you wish on the outside with the benefit of mirrors on the inside, or for a moveable screen maybe a tinted or clear glass to allow the light to flood the room.

Our Service.

ADVICE WHEN YOU NEED IT

If you have any questions no matter how trivial, we are here to help. As every wardrobe is designed just for you, it's unlikely that the perfect wardrobe for you is featured in this brochure. That's why we are here – to help and inspire we would like to hear your ideas so one of our designers can show you how to turn your storage needs into reality. If you would like a designer to come to your home or would just like to discuss a few ideas, we are always on hand.

DESIGNED JUST THE WAY YOU WANT IT

It can be a daunting prospect redesigning your home storage, there are so many things to think about like what are you going to put where and how will I get the most out of my space, no matter how hard you try the amount of storage remains the same. This is where a designer steps in and shows you with experience precisely what will work best for you. Remember our wardrobes are designed with practicality in mind and if we think our wardrobes are not suitable for your requirements then we will gladly point you in the right direction.

MADE TO FIT DOWN TO THE FINEST DETAIL

All of our wardrobes are made-to-measure, there are no standard size doors, no standard shelves, no standard rails; that's because there are no standard size rooms! Everything is made just for you to the nearest millimetre and therefore your imagination is the only limit, we call it design without compromise.

FITTED WITH METICULOUS CARE

Our fitters turn up on time every time, will carefully cover all necessary surfaces with dust sheets, be extremely careful while carrying any material through your house. The fitters will install your beautiful new wardrobe with the maximum care and attention to detail and when they are finished installing your wardrobe they will tidy, hoover and clean all surfaces.

QUOTE WITH NO OBLIGATION TO BUY

All of our quotes are provided on a no-obligation basis, as well as our drawings to help you visualise how the finished article will look and function. We will not try to hard sell and we will not insult your intelligence by telling you that Wizard Wardrobes are the best and only option as sometimes but not very often they are not, in which case we will gladly point you in the right direction for a solution that is more appropriate.

WHY WIZARD WARDROBES

YOUR TIME IS PRECIOUS

We all lead hectic lifestyles, first spending time at work then returning to organise our homes. Well we value your time, that is why we take up as little of yours as possible by providing answers to many questions at an early stage - You can browse our website for information, call us for advice and use our online budget calculator so you know where you stand every step of the way.

A WARDROBE THAT'S RIGHT FOR YOU

Designing a wardrobe is not always straightforward and the final result should always suit your own particular needs. We use computer-aided design to get the best results possible, as a wardrobe interior must be designed in harmony with exterior door layout. If we do not have a suitable product and design for you then we will leave it to someone who does.

YOUR HOME IS PRECIOUS TOO

We take every precaution to cause as little disruption and mess as possible in your home. We'll cover everything in dust sheets from inside the front door to wherever we are working, clean, Hoover and dust all surfaces before we leave.

UNCOMPLICATED PRICING

We adopt an uncomplicated pricing policy so you have an accurate idea of the costs prior to any "no-obligation" designer visit. We also do not offer false discounts, hiking our prices up before Christmas just to reduce them again in January. This means no matter what time of the year you enquire or purchase from us, you won't wish you had waited.

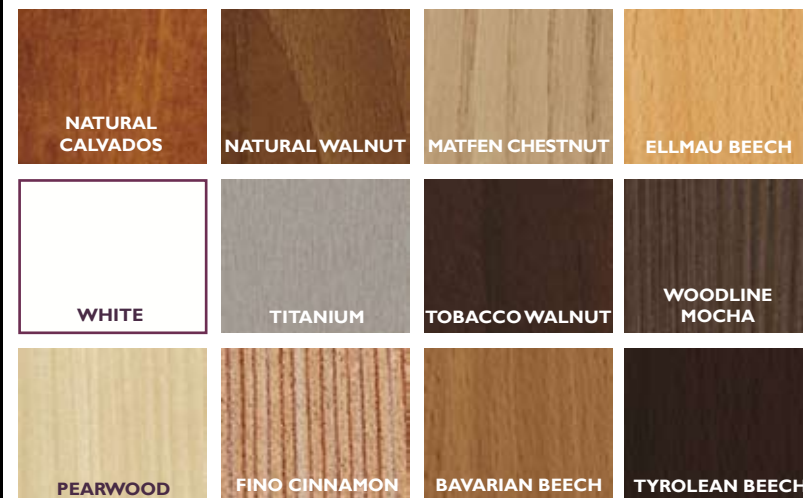

BUY WITH CONFIDENCE

As well as offering a full 10 year guarantee on both our glass and our running mechanisms we are also Approved by Trading Standards. Apart from a small deposit we will not ask you for a penny until you are completely satisfied with every aspect of your new wardrobe.
